### Killing and Injuring Many at Minneapolis This Noon

#### From Seven To Fifteen Dead--Twenty-Five Taken to Hospitals--Fierce Fire Is Raging as a Result of the Big Oil Explosion.

Minneapolis, Minn., April 23—(Bulletin)—An explosion of a tank of the North Side Oil company killed from seven to fifteen people and injured many more today at noon.

The plant, which is located at Tenth avenue and Main street, is in flames and the bodies of the killed cannot be reached.

Only two persons of the office force

composed of ten clerks and a girl can be found. A dozen workmen are also missing.

Ambulances and patrol wagons are now carrying about 25 injured persons to the hospitals. The explosion spread burning oil over all the nearby buildings and caused a shock that was felt over the northern portion of the city. Firemen at present cannot control the flames.

one has passed the physical examination. This young man was enlisted on Tuesday. His name is Clyde Baker of Marcellus, Ohio, age 18 years. He enlisted as Landsman and will be transferred to the Naval Training Station at Philadelphia, Saturday. Several Machinists, blacksmiths and firemen have applied but failed to qualify before the surgeon. The following are some of the defects found among the men examined: Heart disease, enlarged tonsils, skin disease, color blindness, catarrh, under weight and under height. The young men of Newark are up to the average, however, and have made a good showing so far as intelligence and desirability is concerned. The fact that a larger number have not applied for enlistment here is attributed to the steady employment offered to men in Newark.

### Cincinnati Man Falls From a Window To His Death.

Cincinnati, O., April 23—J. D. Lehmer, 36, one of Cincinnati's old time capitalists was found dead today on the pavement in the rear of his home at 332 Broadway, where he had evidently fallen out of the second story window of his bedroom.

Lehmer was one of the wealthiest men in Cincinnati, his fortune being estimated to exceed \$5,000,000.

## POISON

Enough to Kill a Dozen Men Received by Mr. Morgan Through Mail.

—He Died.

Pensacola, Fla., April 23—Roland L. Morgan, 52, formerly of Elgin, Ill., who has resided here for three years received a package of prepared breakfast food by mail Monday. He ate a small quantity not a spoonful, and died in terrible agony. He was buried the next day, but the body will be exhumed today by order of the coroner. The food received was subjected to analysis this morning and a leading chemist found that it contained enough strychnine to kill a dozen men. A test was made on animals which resulted fatally in four minutes.

## BIG SWARM

Of Bees Numbering Millions Settled on Street at Houston Causing a Panic.

Houston, Texas, April 23—An immense swarm of honey bees, numbering millions, settled on the down town streets for a space of ten minutes this morning and a panic ensued. The horse show parade was put to flight, several runaways occurred. Within ten minutes after settling the bees arose and disappeared. This is the first visitation of the kind Houston has had. The bees appeared to be in good humor and did little stinging.

## TWO DIVORCES

And Two Marriages of Same Couple in Fayette County—Same Judge Granted Both Divorces.

Washington C. H., April 23—Twice married and twice divorced from the same man is the record of Mrs. Gertrude Coin, of this county. Judge Zimmerman issued the two divorces to Mrs. Coin.

There was quite a romance connected with the first courtship and marriage of the couple, but they had not been married long until Coin left his wife. She asked for a divorce, and one was granted. Coin returned to his wife, and after making many promises, it is alleged, she again took him at his word and married him again.

Again, according to her petition he proved unfaithful to her, and she applied for a second divorce, which the same judge granted.

Forces at Work Among German Steel Manufacturers—It Looks Rosy for Morgan

Berlin, April 23—Felix Kemperer, the president and general manager of the Berlin Maschinenbau Aktien Gesellschaft, next to Krupp's, the largest steel mills in Germany, left for Hamburg and today boarded the Deutschland bound for New York.

It is pretty safe to say that the chief magnet which draws him to New York is J. P. Morgan, who is anxious to consolidate German steel interest with the powerful American Steel trust.

The great financier sees that the existing tariff plan of the United States must sooner or later fall for the popular demand for a revision, but if J. P. Morgan before that time should succeed in grabbing the German steel industry there would be no competition and he could laugh at tariff reforms.

It has been felt here for some time, ever since the death of Alfred Krupp, that forces are at work among German steel manufacturers and those who are best posted all agree that it looks very much as if the chance that Mr. Morgan has sought for is here now.

## DEATH

Of John McLaughlin at Irville Occurred Wednesday Night at the Age of 77 Years.

E. C. Criss of the firm of Criss Bros., undertakers, received word Thursday morning from Irville, that John McLaughlin, aged 77, an old resident of that place, had died there on Wednesday night at 11:30 o'clock from cancer, leaving a wife, two daughters and five sons.

The children are William, Youngstown; Michael, Whiting, Ind.; Martin, Greenburg, Pa.; John, Zanesville; James, Nashport; Mrs. Mattingly, near Dresden, and Mary at home.

The funeral will take place at ten o'clock Saturday morning from St. Mary's Catholic church, Mattingly settlement.

### Of Score of People In Chicago Menaced By Fire.

Chicago, April 23—Fire which nearly destroyed the flat building at 267 Thirty-fifth street at 2 o'clock this morning menaced the lives of a score of tenants and several persons narrowly escaped death. Several were carried out by the firemen and policemen. Among them was Mrs. J. M. Stiles, who was badly burned. The fire started from an overturned lamp and rushed up through the four stories with the greatest rapidity. The tenants were aroused from their sleep by the smoke and groped their way toward the stairways. The flames wrecked the structure; loss \$15,000.

## ON THE GALLOWS

Negro Who Had Won the Sympathy of Society Ladies Was Granted a Respite.

Americus, Ga., April 23—With the Sheriff about to tie the noose, with his coffin in sight and his grave already dug, Monroe Adams, murderer of his wife and daughter, was granted a respite by Governor Terrell. Had the respite arrived a few minutes later it would have found Adams dangling from the gallows.

Adams is the negro murderer in whom many white ladies of Americus have manifested much interest, because of the pathetic features of his crime. These ladies have visited the negro in jail, have supplied him with delicacies and only a few days ago prayed with him for some time. It is supposed that the Governor was moved to grant the respite because of the interest manifested in him by the white ladies.

Adams's wife was a beautiful quadroon, who was unfaithful to him and who was leading her daughter into evil courses. He gave as his excuse for killing them that he loved them so that he could not allow them to live and lead immoral lives.

## JAY BIRD

Built Her Nest in a Mail Box and Stole Letters—A Strange Robbery Explained.

Springfield, Ohio, April 23—The robbery of a United States mail box by a jay bird is reported from New Carlisle, Edward P. Funderburg, Rural Mail Carrier No. 1, reported to Postmaster E. C. Miller that a certain mail box was being systematically robbed. The latest robbery was committed last Saturday afternoon, and the owner of the box made a close survey, noting no tracks leading to it but those of the carrier's horse and wagon.

Tuesday a letter was found in a field nearby, half hidden in plowed ground. Further investigation revealed a jay bird's nest in the mail box. The mother bird was sitting and resented the persistent interruption of letters dropping on her back. When one would fall she would place it in her bill and carry it to an adjacent field and deposit it on the ground.

The bird gained entrance to the box through a broken glass.

## King at Naples.

Naples, April 23—King Edward, aboard the Royal Yacht, arrived off here at 9:30 this morning. He was greeted by a salvo of 101 guns. Three hundred thousand people gathered about the harbor to view the arrival. The authorities boarded the royal yacht to greet the King, say his majesty looks well but is in need of rest. The King expressed a desire that there should be no naval review.

## COUNTED RINGS

In Old Beech Tree to Settle Dispute About a Tract of Land in Ross County.

Chillicothe, Ohio, April 23—County Engineer Walker was called on to settle a land dispute in Bucksblum township, and, looking up the old records found that the original survey had been made in December, 1798. It had been started at a beech tree, and Mr. Walker tried to convince one of the men of this, but could not.

Mr. Walker discovered the surveyor's mark on the tree, but the man was not willing to accept the evidence. Mr. Walker then sawed into the tree for a foot and took out the original mark.

The year marks on the block of wood plainly count 104, that being the number of years since the original cut was made with an ax.

The original survey was made by Duncan McArthur, afterwards governor of the state. The block of wood is now being preserved to be used as evidence in court.

### Losses to English In Africa

#### War Office Admits the Truth About Report

BRITISH LOSS IS ESTIMATED AT TWO HUNDRED

TEN OFFICERS WERE KILLED

A Skirmish With Heavy Casualties Occurred at Nayilodo, 40 Miles from Silado.

London, April 23—The Aden correspondent of the Reuter News agency today wires that it is rumored there that a skirmish with heavy casualties has occurred at Nayilodo, forty miles from Silado, Somaliland, between the British forces and the enemy. The British loss, rumor has it, was two hundred men, and ten officers killed. Somalis losses are not known.

The war office late this morning confirmed the report of heavy losses in Somaliland.

London, April 23—Defeat, attended by the loss of nine officers and 174 men, has again been the fate of the British punitive expedition in Somaliland, sent against the Mad Mullah. While it is not definitely known whether the Mad Mullah in person led the victorious natives, beyond a question it was a portion of his followers who inflicted the disaster on the British.

The fight occurred near Gumburru, 40 miles west of Caladi. A comparatively small band of British were overwhelmed by a force of the natives and literally cut to pieces. Colonel Plunkett, leading the British forces, was among the slain.

The confirmation received at the war office today was in a dispatch from Col. Swann, dated Bohotto, April 22, and which read: "The following message has been received from the commanding officer, 27 miles west of Caladi, and dated April 18:

"I regret to report that the outlying column under Cobbe, which left Caladi on April 19 to reconnoitre along the road to Walwal, had a serious check on April 17. On the morning of that day Cobbe, who was at Gumburru, 40 miles west of Caladi, decided to return to Caladi, owing to the difficulty in finding the Walwal road and the lack of water. He was about to leave two little sons and Thomas Dickerson when firing was heard in the direction of a small party under Captain Oliver which was reconnoitering. Two hundred and eight natives with two maxims under Colonel Plunkett were sent to reinforce, but encountered a overwhelming force of the enemy.

### In Illinois Legislature Over Attempt to Throttle

#### Mueller Municipal Ownership Bill--Inkstands and Cuspidors Thrown--Speaker Assaulted House in Great Confusion.

Springfield, Ill., April 23—(Bulletin)—A riot has broken out in the legislature over the attempt to throttle the Mueller municipal ownership bill. The speaker and members opposed to the measure forced the postponement of its consideration today and adjourned under the gavel. The supporters of the bill immediately took possession of the hall and attempted to form their own organization. Numerous fights followed and inkstands and cuspidors were thrown. Intense excitement prevailed. Supporters of the Mueller municipal ownership bill who refuse to recognize the adjournment have put Chas. Allen in as temporary speaker and are trying to organize the House. Mr. Miller, the regular speaker, left the House talking with him. An attempt to assault him was made but the guards prevented it, they would be assailant. Representative Cummings, a Democrat, being knocked down by a policeman and door keeper.

consisting of cavalry and infantry. The enemy attacked him in the open, seven miles west of Guburru. The enemy fought at close quarters. Plunkett continued fighting till his ammunition was exhausted, and then formed a square and unsuccessfully attempted to bayonet his way out. The enemy finally overwhelmed the square and annihilated all with the exception of 37 fugitives who have reached camp. Plunkett was among the killed, besides six captains, two lieutenants, two whites, 48 Sikhs, and 124 Africans. The rifles and the two maxims were lost.

The present expedition to Somaliland was sent out in the early part of 1901 to quiet the natives and to punish the murderers of a British sub-commissioner. The force was originally under Colonel Swayne. Late in the spring of the same year the Mad Mullah, who has been a thorn in the side of the British ever since England acquired Somaliland protectorate, again took the war path and so successfully carried on his revolt against the British authority that the expedition adjudged a failure and Colonel Swayne was recalled.

In the latter part of 1902 the expedition again started out, this time under General Manning, and Colonel Swann. The history this time has been practically the same as that of Colonel Swayne's force, while the Mad Mullah was on one or two occasions temporarily dislodged, he has been able to more than hold his own and time and again bands of his followers have inflicted reverses on the British. This latest disaster, however, is the most severe of the campaign and it is more than probable that the attempt to subdue the revolting natives will be abandoned until more men can be mustered for the project.

## SURPRISE

On Mr. and Mrs. L. M. Beaver at Their Home Three Miles North of Jersey—Enjoyable Affair

On Thursday of last week the Sisters of European Daughters of Rebekah, of Jersey, perpetrated a surprise on Mr. and Mrs. L. M. Beaver at their home three miles north of Jersey. Mrs. Beaver was expecting company of the sisters and did not suspect anything when two others came, as they were neighbors, and had often talked of making her a visit. But when the rest came with their well filled baggage, the surprise was complete. They set the dinner that was in course of preparation to one side, and proceeded to get a dinner according to their own notion, and it was a dinner that will be long remembered by all who participated in it. Those present were Mrs. Ollie King, Lillie King, Viola McClay, Prof. Brown, Mary Harrison, Edith Dickerson, and Mrs. Ella Williams and the Binnie Fishbach, R. B. Harrison's, lack of water. He was about to leave two little sons and Thomas Dickerson when firing was heard in the direction of a small party under Captain Oliver which was reconnoitering. Lowell, Mass., April 23—It is reported that the state board of arbitration which has been investigating the textile strike, declares that with the exception of the Lawrence mill, none of the seven concerns here are earning enough to justify the increase. It was also found that the claim of the strikers that living had increased 25 per cent, while wages remained at the level of 1901, was not justified by the facts. The strikers, however, say the report will not change their attitude.

From Circus Ground—Woman Who Was Hurt at Hamilton Became Delirious.

A telephone message from the circus ground at Hamilton today requested that a physician be sent to the grounds to attend on Dr. W. H. Knauss responded and found Mrs. Hillard, an acrobat, questioning suffering terrible injury. The young woman sustained a fall at Hamilton on Monday, in which she broke a rib and received other injuries. Besides a great nervous shock, the bandage on the rib had become loose and her suffering was so great that she became delirious. Dr. Knauss adjusted the bandages and gave other necessary attention and advised that the injured woman be kept quiet until at least next Monday.

**Mere Slaves of the Boss.**

Editor Mack, of the Sandusky Register, is still talking out in meeting. He doesn't like Hanna, he doesn't like Cox and he doesn't like Herrick because Herrick is training with the other two. At the conclusion of a long and vigorous denunciation of bosses and boss rule, Mr. Mack says:

Even our esteemed and would-be independent neighbor, the Toledo Blade, taking for granted that the assurance Douglas had received was really of some value in the political market, congratulated the Republicans who read it that we were to have an old-fashioned independent, self-governed Republican state convention, that there would be no domination by bosses. We now await with becoming patience for an article in the Blade, confessing that it was fooled and that the so-called independent, self-controlled convention representing the wishes of the Republican voters of Ohio was a myth.

We may as well simply settle down to the inevitable. Herrick will be nominated and between the two bosses the entire state ticket will be selected in advance of the convention. All the convention will have to do, all it will be permitted to do, is to ratify the decision of the bosses. To this complexion the Republican party has come at last in the state of Ohio.

The situation is exactly as Mr. Mack describes it. The rank and file of the Republican party will have nothing whatever to say in regard to the nomination of the state ticket. But what is to be done about it? The Republicans made Hanna and Cox bosses and they show no disposition to refuse to obey them. It is a servile attitude, but they need not preserve it unless they will.

The Ohio Republicans are without independence, spirit or courage, and have become the mere slaves of the party's dominant bosses. The Sandusky Register stands out as the only Republican paper of the State that protests against boss despotism.

**A WRONGED MOSQUITO**  
New Jersey Variety Not Dangerous, Declares Dr. Howard.  
**LEAST HARMFUL OF ALL KINDS.**  
Government Expert Says Its Bite Does Not Inject Poison Into the Blood—Mosquitoes Just North and South of the State Carry Malaria Germs With Them.  
The New Jersey mosquito, or Culex pungen, which for time out of mind has been considered one of the most venomous animals that rove the air, is vigorously defended in bulletins issued by Dr. L. O. Howard, the chief entomologist of the government. Dr. Howard and his assistant entomologists have made a close study of the twenty-seven varieties of mosquitoes that inhabit the United States, and their conclusion is that the much abused mosquito of New Jersey is the least harmful of all. While acknowledging that the New Jersey mosquito is vicious in attack and prolific and long of bank, they contend that its bite does not inject poison into the blood and cause malaria and other diseases.

It has been determined by Dr. Howard that New Jersey occupies a unique climatological and geographical relation to the mosquito family in the United States. Immediately south of the New Jersey line the mosquito families are responsible for all the yellow fever and malaria that afflict the human race. Immediately north of the New Jersey line there is found another variety of the malaria producing mosquito. But for some reason which the government's scientists have not yet been able to determine New Jersey is such inhospitable territory to the mosquito families on the south and north that they have never been able to get a foothold in that state. The theory that the New Jersey mosquito guards his frontier and eats up the foreigners as fast as they attempt invasion of the Jersey soil is being carefully studied by Dr. Howard and some of his assistants.

As this is the time of the year when city people who are able to go to the country resorts for the summer, Dr. Howard's bureau is being called on for information as to the habits of mosquitoes in various parts of the nation and just what their bites do. His investigations have demonstrated that malaria is not caused by breathing the miasma of swamps, but that it is contracted only through the bites of mosquitoes of the genus anopheles, which does not exist in Jersey.

"Broadly speaking," says Dr. Howard, "when the blood of a human being is sucked into the stomach of a mosquito of the genus anopheles the malarial parasite undergoes a sexual development and gives birth to a large number of minute, spindle shaped cells, known as blasts, which enter the salivary glands of the insect and are ejected with the poison into the system of the next person bitten by the mosquito. If this person happens to be non-malarious, the malaria has thus entered his system, and malarial symptoms result. So far as present knowledge goes, this is the only way in which people become malarious. In order to avoid this result it is necessary to avoid the bites of mosquitoes, and it therefore becomes important to know the difference between the malarious and the more harmless mosquitoes and the conditions under which the malarious forms breed."

In order to enable people to tell the difference between the harmless mosquito and the one that is dangerous Dr. Howard describes the two varieties. The Culex pungen, or the New Jersey mosquito, has clear wings, while the anopheles, or malarial mosquito, has wings which are more or less spotted. Further, it has been observed that when Culex pungen is resting upon a wall he appears more or less hump-backed—that is to say, the head and the back are in the same plane with the body and wings, but project at an angle toward the surface of the wall, the body and wings being parallel with the wall. With anopheles, however, the head and back are in practically the same plane with the body, and the body itself is usually placed at an angle with the wall.

According to Dr. Howard's prescription for the prevention of malaria, all city people who go to the country this summer should see to it that the houses they patronize are carefully screened to prevent the entrance of mosquitoes. "Then," says Dr. Howard, "thorough search should be made in the house for mosquitoes which have already gained entrance. Such as are found resting upon the walls should be captured by placing an inverted vial over them, or they may be sufficed by burning a small amount of pyrethrum powder upon a tin dish cover. Persons wishing to avoid malaria should not sit out of doors exposed to the bites of mosquitoes at night. Persons having malaria should be carefully screened at night to prevent them from being bitten by mosquitoes, which, becoming thus infected, would become potential carriers of the disease."

**PHONOGRAPH IN BIG DRUM.**

Salvation Army's Novel Idea For Its Open Air Meetings.

The Salvation Army workers have adopted a novel departure in the forms of entertainment for attracting people in the open air, says a special dispatch from Springfield, Mass., to the New York Evening Journal.

Stirring strains of sacred songs and various selections of instrumental music produced through the medium of an improved phonograph located inside what resembles a big bass drum is their idea. The diameter of the drum is forty inches. It is set on a rubber tire carriage that can be moved easily. The phonograph arrangement placed in the inside is built under the same patents as are those used in the regular form of street music boxes.

It is the plan of the Salvation Army people to use records which will reproduce the hymns familiar to everyone and also some of the sacred songs as sung by the well known vocalists. A considerable number of the new street drums will be used by the army in England.

**CLARA MORRIS THANKS**  
Touching Message Actress Sent to Audience at Her Benefit.  
**GENEROUSITY OF ALL APPRECIATED**  
In a Letter Read by Miss Amelia Bingham at a Performance in New York the Veterans and Suffering Actress Says, "I Am Just One Great Big Personified Thank You."

At the recent Clara Morris benefit in New York, at which over \$6,000 was raised, Amelia Bingham read the following letter of thanks from the famous actress:

"Tomorrow, when it will be too late, I will have bright days, according to plan, and all over me, glowing in my mind with happy thoughts, but I have not a happy thought in me. I am just one great big personified 'Thank you!'"

It has been often said that in my early life, in my long professional climb upward, no hand was held out to help me. Well, there is truth in that, but now that I follow the downward path surely no woman in the world ever had so many strong and gentle hands stretched out to steady and support her steps over a dangerous quicksand in the road.

Twice in my life I have suffered the pain and humiliation of undeserved blame; today I suffer the deeper humiliation of undeserved praise. From British Columbia and California, from Canada to Florida, letters of encouragement, of prayer, of promise, but all written to that Clara Morris of the imagination. These writers speak of an actress whose power made her terrible as 'an army with banners.' Nature herself, a sort of cross between an uncrowned queen and a wingless angel. And when I read I draw the covers up to my cheek, turn to the wall and cry. You see, the contrast between the real woman and the imaginary one jars me—dreadfully!

All my life I have felt a sort of amused wonderment over the people whom I have seen casting their bread upon the waters and then anxiously awaiting its return in some form or fashion. What folly, I cried to myself, to expect such a return even after many days, and so I cast my small crumbs far out with a good strong fling and gave them never a thought, not one. And the sea and the months and the years have passed, and, lo, here this wonderful day, all my small crumbs, grown into full unbroken leaves, have returned to me from the waters of the past and what is more, all spices and sweetened by the memory of the kind and I stand amazed as one convicted with lack of faith.

When I lay prostrate, broken in body and pride, I wondered daily why I, who had shed such floods of tears over stage and screen, had no tears for myself. And the two hands were held out almost simultaneously—hands strong to help and warm with sympathy. One was the almost sisterly hand of dear Julia Arthur; the other was my husband's. Then, on eternal calm, the storm broke and the tears fell! Why, the third act of 'Camille' had been a burning, dry Sahara in comparison.

And since then—look at these names high in the rushing air of business and high in the social world; look at these names high in my own beloved profession; look at the great journals that have spoken me more than I, I say, and I feel that I am not alone. These hearts that have made it possible for such desperately busy people to turn a moment to help—just a woman, who has received a staggering blow! Do you wonder I am a personified 'Thank you'?

Will you, then, Miss Bingham, to whom I owe already so very much, will you give a message to all those generous people in the Broadway theatre today? I mean it for every soul, front and back, from gallery to box, from star to call boy, and all that hard working force of carpenters, scene shifters, electricians, painters, property men, all! Please say I wish that each person in that building, their heads upon their pillows to sleep, their hearts without tormenting anxiety, Clara Morris will sleep peacefully tonight, by my aid, and she thanks me!"

Please say this, dear Miss Bingham, and may April be in all your hearts and God bless us every one! CLARA MORRIS.

**NEW SLANG.**

**Picturesque Additions to the Language Used by Newsboys.**  
Here is the St. Louis newsboys' glossary of slang, as revised and edited by "Noddies" Egan, a famous newsboy now in St. Louis, says the Post-Dispatch of that city:

Meg, a cent; jitney, a nickel; case note, a dollar; pull, 50c; flint, 5c; mooth, leave, depart; dinge, a negro; shine, a negro; ruby guy, a farmer; punk, a child; punks, children; crape, latest for "dead one"; doll, a girl; lace curtains, whiskers; steer, aude; bicky, a crown; crown guy, policeman; high prince, chief of police; hellish doll, pretty girl; spring, go after; stall, stop; Muggs' Landing, Union station; lay, occupation; flat, settled; troupin', traveling; the goods, some one who is ideal; all the candy, the same; hand it to him sweet, tell it nicely; bunch of creams, a sweet girl; over lovin' doll, devoted sweetheart; pipe me way, follow my style.

The Jews have a greater number of religious papers proportionately than any Christian denomination, and their papers are the best supported.

**DR. FENNER'S KIDNEY and Backache CURE**  
All diseases of Kidneys, Bladder, Urinary Organs. Also Rheumatism, Backache, Headache, Gravel, Dropsy, Female Troubles.  
Don't be discouraged. There is a cure for you. Dr. Fenner's Kidney and Backache Cure is a powerful medicine. It is sold by all druggists. Ask for Dr. Fenner's Kidney and Backache Cure. Address: Dr. Fenner, Philadelphia, Pa.

**RHEUMATISM**  
BLOOD WINE CURED IT AND HEALED HIS KIDNEYS

Nearly all railroad men are subjected to two kinds of trouble—rheumatism and kidney diseases. Being out in all kinds of weather, with little protection from rain, sleet or snow, their blood quickly becomes thin, and rheumatic aches take possession of the body. Statistics show that a larger percentage of Bright's disease victims are among trainmen than any other class. The humanitarian work of "Blood Wine" in curing these stubborn diseases, has called forth statements of gratitude from all over the country. Mr. Dan A. Metzger, of 202 South Eighth St., Terra Haute, Ind., an engineer, says:

"For some years I was greatly troubled with rheumatism, also a lot of discharge from my kidneys, which at times made me almost unable to work. Hearing of cases where 'Blood Wine' had been used with good success, I procured a bottle of Baur's Blood Wine and what relief for me was plenty. I haven't had a sign of any rheumatism or kidney trouble since. It's a great medicine, and I willingly endorse it."

There is only one way to cure rheumatism and kidney troubles, and that is through the blood. It is the blood that causes the uric acid that forms crusts about the joints, causing great suffering in rheumatism, and it is the blood that in failing to stimulate the kidneys, permit the weakened, filtering fibres to

break down and allow acid, waste matter and disease to spread all over the system. "Blood Wine" is a builder of tissues. If the lining in your kidneys has been ripped out, or if it is honey-combed with sores, "Blood Wine" will heal the sore, and replace the broken down tissues. It gives it life; large, healthy corpuscles. It makes it thick, rich, and teeming with the nourishment that put health and strength in every organ, every nerve, muscle and membrane of the whole body. Blood is life. It is the foundation of our very existence. "Blood Wine" does for it what nothing else will do.

If you don't thoroughly understand your case you ought to have your blood examined. It is the only accurate way to tell what diseases or germs are being carried in the blood. You can have a

**FREE BLOOD TEST**

by sending your name to the Louis Daudelin Co., Worcester, Mass. An expert bacteriologist, under the powerful microscope, will analyze your blood and tell you just what is in it. Write today for full particulars form. "Blood Wine" costs fifty cents a bottle.

## GRANVILLE

Work is progressing on the New Beta Chapter House—New Residents.

### Granville Personals.

Granville, O., April 23—Work on the new Beta House is rapidly progressing and it is thought that it will be ready for occupancy about the first of June. When completed it will be one of the finest Chapter houses in the State, and will be more commodious than the old house.

Miss Althea Schaub has been visiting her sister, Mrs. Ramey at her home on West Main street, Newark, this week.

J. L. Thompson and James McCoach of Sistersville, W. Va., were here over Tuesday night, and registered at the Buxton.

J. E. McCarthy of Columbus, was here on business Wednesday.

S. E. Morgan of St. Mary's, W. Va., transacted business here on Wednesday.

Henry Schuman and Karl Axline two skilled plumbers of Zanesville, were here for several days doing the plumbing on the house of Mr. Jones, on Broadway. While here they stopped at the Buxton Hotel.

Mrs. Dr. W. E. Clemons has been visiting friends in Columbus during the week.

Mr. A. J. Wright, a well known newspaper man of Cleveland, has removed to Granville, and will educate his four sons and two daughters here. They have taken up their residence in the Merrill property, formerly occupied by Major Williams on Pearl street.

Mr. J. L. Hensworth of Hebron, W. Va., has moved his family to Granville and they are now occupying one of Mr. Thomas Jones' houses on Pearl street. Mr. Hensworth has four young daughters, all of whom will attend our excellent schools.

Mr. and Mrs. Thomas Malcolm of Harrisburg, Pa., who visited here the fore part of the week, have gone to Peru, Ind., for a short visit.

### DEATH AT HANOVER.

Hanover, April 23—The funeral services of Mrs. McVeigh were held in the Methodist church, Thursday and were largely attended.

The death of Mrs. Maggie Gearhart has caused deep sorrow among her many friends here. Her girlhood days were spent here, and by her kind disposition and pleasant ways every one who knew her was her friend. She was a member of the Methodist church and was an active member of the Epworth league.

### HEBRON DANCE.

Hebron, O., April 23—The dance here last evening was quite a social event. There were a number of guests from Newark, Millersport and Columbus in attendance, and all had an enjoyable time. The committee in charge of arrangements were: F. E. Slabaugh, H. W. Black and Chas. Burch. Music was furnished by Marsh's orchestra of Newark.

### HUCKLEBERRY FINN, JR.

Coshecton, Ohio, April 23—Elton Snyder, aged 13, son of Gilbert Snyder, has been missing since Tuesday. A note was found in which he declared he was going to the Mississippi river to duplicate the adventures of his favorite hero, Huckleberry Finn. No trace of the lad has been found.

### HEBRON BRIDEGROOM.

Columbus, April 23—A marriage license has been issued to Howard J. Decker, 24, of Hebron, and Miss Tillie Maurer, 23, of Columbus.

### IMPALED ON A PICKET

Lancaster, Ohio, April 23—While vaulting a fence Lee Glininger was impaled on an iron picket. His condition is serious.

### SINGING PROHIBITED

Zanesville, O., April 23—The newspaper accounts of the refusal of the Sharon, Pa., pastor to allow Gertrude Lewis, "the Philadelphia Choir Girl," to sing "The Holy City," at the evening services in the Baptist church there, has caused a ripple of excitement in Zanesville. The pastor refused the request because Miss Lewis is a member of a comic opera company and sings the sacred song during one act of the production. She is a Zanesville girl and is well known here. Her parents are Mr. and Mrs. William T. Lewis.

## PARALYSIS

Causes the Death of Mrs. Mary E. Slater at St. Louisville—The Funeral Saturday.

St. Louisville, April 23—Mary E. Slater, widow of the late John M. Slater, died at 4 o'clock this morning, after a year's illness with paralysis, a half mile west of this place. She leaves three sons, A. F. C. S., and A. G., the two former living at St. Louisville, and two daughters, Mrs. Elsie Marple of Lodare, Mo., and Mrs. Sallie Streams of this county.

Rev. E. L. Spaid will conduct the funeral services at Lutheran church here on Saturday morning at ten o'clock, the burial being at Vanattas.

### CHILD WAS SAVED.

Fallsburg, O., April 23—Little Jennie Clark met with a very painful accident Tuesday. She was standing near some burning leaves, when her clothing caught fire, and in an instant she was enveloped in flames. The cries of her brother, who was near by, were heard by her father, who rescued her after burning his own hands into a blister.

### BASEBALL TEAM.

Alexandria, April 23—The baseball team of Alexandria was recently organized, with S. S. Anderson as manager. Fine new grounds have been prepared and a grand stand erected.

The first game of the season will be played with the Johnstown team this afternoon.

It is understood that a league embracing a number of amateur teams of Columbus will be organized and the games played for the league championship.

The following is the lineup for the Alexandria team Thursday: Brown, c.; Penn, p.; Williams 1b.; Rodebush 2b.; Irwin, 3b.; Harrison, ss.; Beaumont cf.; Bishop, r. f.; Swing, l. f.; Colville and Burnside, subs.

### WED AT NEW LEXINGTON

New Lexington, O., April 23—The wedding of Miss Beatrice Beyman and Mr. Louis Gillespie was solemnized here yesterday afternoon. Among the guests who witnessed the nuptials were Mrs. J. Van Price, Mr. William Worstall and Miss Alice Gillespie of Zanesville.

### N. J. CONRAD DEAD.

Word has been received from Olympia, Washington, announcing the death of Mr. N. J. Conrad, a well known resident of the northwestern part of Licking county. Mr. Conrad died on Tuesday evening, after a week's illness. The remains will be brought to New Way for burial.

### Fast Trolley Running.

The new trolley line between Chicago and Aurora is starting out to get some records. This is an electric railway built with a view to high speeds and is a part of a system which will reach the principal towns of Illinois. The run in question was between the terminals in Chicago and Aurora, thirty-five miles, and it was made in 34m. 39s.

### Spring Cleaning Time.

Give yourselves with gingham aprons, O ye women of the land! Pin your skirts to clear your shoe tops. Take the scrubbing brush in hand. Boil up alkaline infusions, turn the whole house upside down; Slop the floors with soap and water, heedless of your husbands' frown. Yank up carpets, rugs and matting. Jerk the pictures from the walls. Have your palms of suds where we can stumble o'er them in the halls; Pile the stairs till they are worse than any Alpine steps to climb; Have the regular old picnic incident to cleaning time.

Fill the bath tub with umbrellas, books and shoes and bric-a-brac; Heap upon the grand piano kitchen dishes in a stack; Set the dinner on the mantel, though there's little time to eat; See that every one who enters wipes with care his muddy feet; Keep the windows all wide open as you ply the mop and broom; Have a hot and steamy vapor permeating every room; Swab and scrub and splash and spatter in your fight with winter crime; Revel in the moist discomfort incident to cleaning time.

Have the men with whitewash brushes sprayed the faded calender; Take all necessary bedding out and air it on the line; Have the furniture rearranged till the color makes one faint; See that all the woodwork glistens with a coat of shining paint; Don't have anything to sit on, sleep on, eat on, also frown; When you hear a meek suggestion as to "some hold down town," Let the complaining complainer know it's nothing short of crime; Not to make one's life a burden in the glad spring cleaning time.

More than a million dollars' worth is taken out of the copper mines at Butte, Mont., every week.

### WORK HORSE PARADE.

Features of an Exhibition to Be Held in Boston.

One of the unique features of Memorial day will be a parade of the finest work horses in Boston driven in fours, pairs and singly, says the Boston Post. For over a year the officials of the Boston Work Horse Parade society have been preparing for a grand parade which shall embrace entries of all the teamsters and drivers who own and employ heavy truck horses, and the results of these preparations will culminate on May 30 in a parade and a distribution of prizes to the amount of over \$1,000 among the different drivers of the teams which shall compete.

It is expected that over 500 horses, the finest that are driven through Boston's streets, will stand in line to be passed upon by competent judges and after being classified will parade before the members of the society and the thousands who will attend the exhibition. The Work Horse society is formed along lines similar to the London Cart Horse society, whose parade is held every Whit Monday in Regent park, London.

The object of the society is to improve the treatment and general condition of Boston's work horses, to encourage the drivers to take a humane interest in the animals under their care and to promote the use of powerful horses more suitable for the heavy work in the streets of the city.

The competition will be open to all drivers of work horses in Boston and the vicinity, from drivers of a one horse tip cart to those in charge of a four horse drag. Entries of firms or corporations will be limited to fifteen horses. In order that every driver may have an opportunity to take part all the entries will be free, and as many as six prizes will be distributed in those classes where there are sufficient number of entries to warrant such a distribution. The prizes presented to the winning drivers will be in cash and will vary in amount from \$2 to \$5.

At the opening of the parade a number of competent judges will inspect the different horses in line. No horse will be permitted to be decorated. Objections will be taken to tight throat latches and short cheekpieces, to horses which in the opinion of the veterinary inspector are dirty or unsound and also to harness that is not perfectly clean. New harnesses will disqualify the competitor. The judges will examine the harness to see that it fits properly and will ascertain whether the horse is correctly attached to the cart or wagon. Horses weighing less than 1,000 pounds will not be admitted.

### Baseball Captain Will Head Carter Harrison Marching Club.

While Captain Anson's former fast base runner, Billy Sunday, is making "home runs for heaven as a Presbyterian minister," the captain has been elected marshal of the new Harrison Marching club in Chicago, says the New York World. This club is ambitious to outshine the famous Cook County Marching club, which once upon a time went to New York and helped to elect Van Wyck mayor.

Anson will lead the marchers and walk directly behind the band. Mayor Carter Harrison feels under much obligation to Anson for bringing all the baseball men over to him. "Old Pop" is down for a good office.

### Prussia's New Move.

The Prussian government, ever on the alert for fresh sources of revenue, is about to become a wine grower on a very enlarged scale. In 1906, when Prussia annexed Hesse-Nassau, she came into possession of several famous vineyards, and now she is engaged in converting to the purposes of viniculture large tracts of rather barren ground in the valleys of the Saar, the Moselle and the Nahe. The work is done by convict labor. The wines thus produced will be stamped with the royal arms of Prussia.

## BECOMING A MOTHER

Is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of Mother's Friend during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does Mother's Friend carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other discomforts of this period. Sold by all druggists at \$1.00 per bottle. Book containing valuable information free.

### Playing Cards in Russia.

In Russia the manufacture of playing cards is an imperial monopoly. In 1918 14,000 packs were issued daily, but the demand was so much in excess of this that a petition was addressed to the czar praying for a still more liberal supply. Among the card devotees the Russian soldiers are conspicuous. They commonly carry packs in their pockets, but when there is an actual call to arms and they prepare themselves for the battlefield they make it a point to get rid of all their cards. This is due to a superstition amounting to conviction, which leads them to believe that to retain them upon their persons at such a time would be to court grave disaster.

### How to Preserve Leaves and Plants.

To preserve leaves and other parts of plants properly they should be placed between sheets of blotting paper, and the papers should be changed once a day for two or three days. They should be dried as rapidly as possible by passing a warm hair-drier over the paper each time the change is made. They should be kept under moderate pressure at first, and to insure even pressing it will be well to place a stiff piece of cardboard or strawboard at intervals between the sheets. When the drying appears to be well advanced, the pressure on the specimens may be increased.

### Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

### Tobacco Worth a Weight in Silver.

In England the first pipes used appear to have been made of clay, with narrow bowls and contracted mouths. Then as the habit grew stronger and tobacco became cheaper something more capacious would be required. These are the pipes which under the name of "fairy pipes" are sometimes dug up and preserved as interesting relics of the past. Aubrey, writing about 1680, says: "The English people first had silver pipes, but the ordinary sort made use of walnut shell and straw. I have heard my grandfather say that one pipe was handed from man to man round the table. Within these thirty-five years 'twas scandalous for a divine to take tobacco. It was then sold for its waste in silver. I have heard some of our old yeoman neighbours say that when they went to market they called out their biggest shillings to lay in the scales against tobacco. Now the customers of it are the greatest his majesty hath."

### Curious Rent.

At Broughton, near Brigg, in Lincolnshire, England, some lands are held by the following tenure: "Every year on Palm Sunday a person from Broughton enters the church porch at Caister having a green silk purse containing 2 shillings and a penny tied up at the end of a cart whip, which he cracks three times in the porch and stays there until the second lesson begins. Then he enters the church and cracks the whip again, finally depositing the purse and contents."

### Lean People Are Seldom Fat.

Some persons are born with a normal tendency to become fat, others with a tendency to leanness. It is the same among the lower animals. The hog is a sort of machine for transforming the odds and ends of food into fat, but the farmer knows beforehand that a little pig with long legs and snout will work off the fat as fast as it can be made. So a long-legged person seldom inclines to obesity.

### SUIT AT LANCASTER

Attorney Wayne Collier of the firm of Tannehill & Collier returned Thursday from Lancaster where they have brought suit for plaintiff Michael O'Shaughnessy for partition of real estate situated in Fairfield county and an accounting for rents and profits. The defendants are Mary, Mary A., Mary E., James and John O'Shaughnessy and Margaret O'Neill, all residing in Newark.

### Suit For Divorce

Roy McVicker, through Attorneys Smythe & Smythe, has filed a petition for divorce from Myrtle A. McVicker on statutory grounds. The parties were married in this city December 24, 1902. McVicker says he thinks his wife has gone to Europe with Earl Schoonover.

### McKenna Case

The case of John McKenna vs The State of Ohio was argued and submitted. McKenna was convicted at the last term of Court for assault with intent to rob, or robbery from the person, and was sentenced to the penitentiary for ten years. John Kendall was also, at the same time, jointly indicted, convicted and received the same sentence. His case is also in the circuit court for hearing. Numerous pleas, motions and demurrers were filed in the cases. Counsel for plaintiff in error assign numerous errors in the trial in the Common Pleas, and also submit that the sentence is too severe for the grade of crime committed. Smythe & Smythe; Fitzgerald.

### Telephone Suit

In the case of the Johnstown and Croton Telephone company against James B. Cuth, involving the right of the Telephone company to place its poles along a public highway close to defendant's fence, without first making compensation to him for the depreciation of his property right and easement in highway was decided by Judge Seward. The Court held that the plaintiff Company had no right to place its poles along the highway, until it had secured the right to do so by appropriation or agreement with the land-owner, neither of which had been done. The case will go to the Circuit Court. Kibler & Kibler for the Telephone company; Flory & Flory for Cuth.

In the case of the Johnstown and Croton Telephone company vs James B. Cuth, the Circuit Court ordered that the restraining order be continued and a temporary injunction allowed until the hearing of the case on its merits next term. A bond was ordered to be given by plaintiff in the sum of \$100.

### Now on Trial

The case of the City of Newark vs Mary E. Shannon on trial in the Circuit Court today. Mrs. Shannon brought suit in the Common Pleas Court for damages for personal injuries sustained by falling into a stairway or araway, at the corner of Wilson and Fifth streets, asking \$10,000 damages. The first trial in the Common Pleas resulted in a verdict in favor of the City. That verdict was set aside by Judge Jones, and a new trial granted. The case was retried and the jury returned a verdict in favor of Mrs. Shannon for \$1,000. The ques-

### Jack Root Whips McCoy.

Detroit, Mich., April 23—Jack Root whipped Kid McCoy here in 10 rounds last night in a fight that he could have won in the second had not McCoy clinched and held so persistently that Root could not get at him.

The Chicago man won by putting hard blows on McCoy's body. They wore the Kid out. His condition to begin with was nothing to boast of, and as the fight grew older he grew weaker.

Thirty-five hundred people were in the Armory. Many of them had paid \$5 a piece for seat. As a fight the spectacle was hardly worth the money.

McCoy was hissed repeatedly for his holding tactics. Several times he dropped to one knee and let Ba. Masterson, the referee, count eight or nine. Root was in the pink of condition. He forced the fighting all the way.

His slashes to McCoy's body were mixed with a few which he put on the Kid's face. McCoy landed few punches that had any value in them.

At the prevailing odds of 5 to 4 on McCoy, the Chicago contingency picked up much money. Some betters held off, fearing a repetition of the fakes which had marked the ring recently. But so far as any one could determine the fight to-night was abso-

## DEATH FROM POISON

Medical Records Show That Uric Acid in the Blood is a Swift Agent of Death.

## Paine's Celery Compound

The Popular Spring Medicine, is the Only Reliable Blood Purifier.

In the springtime deaths from poison—uric acid in the blood—are common. This malignant poison, which should be expelled by the kidneys, is diffused through the blood, and when allowed to remain in the system proves fatal. Thousands of men and women around us are now suffering from kidney-poisoned blood. Loss of nerve force, failure of appetite, nausea, constipation, pains in the back and side and depression of spirits, indicate that uric acid is doing its terrible work.

For such a condition in springtime, there is but one sure, tried and never failing remedy, it is Paine's Celery Compound, which promptly restores the kidneys to health and enables them to perform their functions. With the kidneys in proper condition, there cannot remain the slightest trace of uric acid in the blood. Mr. A. U. Winters, of Cincinnati, O., writes as follows about his wonderful cure:

"In March 1902, I was dangerously ill, and my condition became so alarming that my family called in a special doctor to confer with our family doctor. I was told that my kidneys were in very bad condition, and as a consequence, my blood was charged with uric acid. I was also suffering from rheumatism in back and arms. Getting no positive good from the doctors, a friend advised me to make use of Paine's Celery Compound. The use of the first bottle seemed to produce magical effects, and after I had used five bottles, I was strong and well. Today, my blood is pure and clean, appetite hearty, I sleep well, and am gaining in flesh and strength every day. Paine's Celery Compound saved my life, and I thank God for it. I always recommend it to sick people."

lately on the level. The only trouble was that McCoy's constitution showed the effects of the pace that sometimes kills and that oftener destroys the fighting ability of pugilists.

# D. D. D. SPECIAL OFFER

REGARDING

## diseases of the skin.

I have lately secured the agency for this city and vicinity of a preparation which is reliable and certain in clearing away troubles of the skin. Many forms of skin affections which have been considered incurable are conquered by this medicament as easily as a cough is stopped by the proper soothing and healing influences. This preparation is now in use among skin specialists, and many large hospitals have adopted it for eczema and kindred cases. It stands among the most useful medical agents now known.

I have evidence of its work to show which will interest any sufferer. Call and investigate same. Since I have been handling the remedy—known as D. D. D. it work proves so effective I guarantee its efficacy. In all cases of skin affection I will refund the price of a bottle (\$1) if the sufferer does not consider it literally a God send after trying. It is curing the worst kind of cases every day. It seems a pity any one should suffer the torture of skin troubles when so dependable a curative agent can be had so cheaply.

## BRADY-ICKES

### A Brilliant Wedding Wednesday Evening at Trinity Episcopal Church--Description of the Ceremony and Details of the Pretty Church Wedding.

One of the most brilliant weddings that ever occurred in Newark took place at Trinity Episcopal church Wednesday evening at 8 o'clock, the principals being William Burke Brady, of Harrisburg, Pa., and Miss Edith Ickes of Newark.

The ceremony at the church was attended by a large assemblage of Newark's ultra-fashionable circles, the beautiful floral decorations and splendidly gowned women forming a brilliant picture.

Preceding the wedding ceremony the solemn betrothal vows were taken by Miss Ickes and Mr. Brady, Rev. F. B. Nash, a former rector of Trinity church, officiating at this observance.

Up the broad center aisle the bridal party marched to the chancel, while the wedding march from Lohengrin was played on the pipe organ by Mr. C. E. Reynolds with artistic discernment.

Preceding the bridal party were Martha and Helen Wright as ribbon girls.

The bride was attended by Mrs. Fred King, matron of honor, Miss Ada Ickes, a sister of the bride, maid of honor, Misses Helen Loesch of New York, Adelaide Richardson, of Brooklyn, Anna Sellers of Mt. Vernon and Miss Mary Baldwin of Newark, bridesmaids.

Lieutenant J. R. Brady, United States Navy, a brother of the groom, was best man, and the ushers were Paul Maylene, Chicago, Edward and Burke Kearns, Pittsburg, William McGraw, Baltimore, Wesley Merrill, Toledo and George Heisey of Newark.

Postmaster J. M. Jones of Newark gave his daughter into the keeping of her chosen husband.

The bride's gown was a handsome one of white crepe over silk of the same color and was trimmed in duchesse lace. She carried a white prayer book, a gift from the groom.

Mrs. Fred King wore pink, and Miss Ada Ickes a lace robe over taffeta, while the bridesmaids were resplendent in a liberty silk over pink taffeta.

After the ceremony Mr. and Mrs. J. M. Ickes tendered a reception to the bride and groom at the Ickes home, 377 Hudson avenue, which was a most elaborate function, about one hundred guests being present.

A wedding supper was served, which was a triumph of the caterers' art. The service in court was faultless. The chief interest of course, centered in the bride's table, which was decorated with pink roses, ropes of smilax and six candle shades on each side. Miss Emma Heisey sat here with the bridal party.

A large number of handsome presents were received, that carried with them the sincere wishes for a happy life from the donors.

Mr. and Mrs. Brady left on the Pan Handle for a wedding tour, embracing the principal eastern cities, and will be at home after June 1 at Harrisburg, Pa.

Those from out of town who attended the wedding were Mrs. Alsdorf of Utica, Mrs. Kearns of Pittsburg, Miss Jewell and son and Misses Hughes of Utica.

## SIX MEN INJURED

### One of Them Is a Brother of Edward Sharpe of Newark--Both Engines Smashed But None of the Passengers Were Hurt.

A brother of Edward C. Sharpe, secretary of the Newark Machine Company, was seriously hurt in a wreck on Wednesday night, his injuries being of a internal nature. The following dispatch from Toledo tells of the accident:

Toledo, Ohio, April 23--An open switch caused a serious wreck on the Hocking Valley at Walbridge at 6:30 last night.

The fast freight, southbound, was waiting for passenger train No. 35 to pass when the open switch ran the passenger train onto the switch.

Both engines were badly smashed, but the air brakes saved the passengers from anything more serious than a few bruises.

The following are the injured, all residents of Columbus:

Wm. Booth, engineer freight, injured internally; serious.

Frank Sharpe, engineer passenger, internally injured; serious.

Conductor Cosgrove, passenger train bruised.

Edward McCristom, fireman, bruised.

H. J. Conion, express messenger, bruised.

Frank Sharpe, the engineer of the passenger train, is a brother of Edward C. Sharpe, of this city, who is Secretary of the Newark Machine Company and lives on Columbia Heights. The injured engineer is aged 38 years and has a wife and two children. Another younger brother is also an engineer on the Hocking Valley, running out of Columbus.

## CIRCUS

### IS DOING BUSINESS TODAY IN NEWARK

Fine Parade Given This Morning by Walter L. Main's Show--Tents Pitched on Eleventh St.

Cleanliness comes next to Godliness is a maxim that Walter L. Main seems to have learned by heart, judging from the dainty, spick and span appearance of everything in the big parade this morning. There was not a "sloppy looking object in the bunch" from the captain down to the pony boy.

To begin at the beginning, the show arrived before daybreak from Columbus, where two shows were given yesterday that duplicated the success of Mr. Main met with there the season previous. At a very early hour the huge canvas mountains began to grow at from the very earth, until the large area of the Eleventh street show grounds was completely lost sight of beneath the enormous spread of canvas. An appetizing breakfast was served to the performers and working men at 8 o'clock and preparations for the parade began immediately after.

There is considerable "make ready" connected with a large circus parade and it takes all of two hours of good

hustling before the signal to start is given, and the most peculiar feature of the event chaos is the undercurrent of perfect order that is hardly visible until the final signal when every bird of a certain feather quickly finds the other birds of the same feather: as if by magic in the twinkling of an eye the vast mix-up of clashing colors straightens itself out into regular groups of beautiful balance and harmony of color.

All the costumes in the parade were absolutely new a distinct relief from the usual ill-fitting wardrobe of circus men in general. The people themselves looked clean and respectable, as a matter of fact now-a-days, disreputable not wanted what they are are.

Wherever edge of its wings to follow, and there is as much inside workings compared to the fathers as there of the fifteenth century.

There were no noteworthy features of the parade, which by the way is the best one we have seen in a long time, but those that deserve special mention are the beautiful horses, well fed and cared for and very fine specimens indeed. The ladies are all very good looking and appear to advantage in the jaunty and riding habits. There was a generous sprinkling of music and clowns, the Canadian and Boer soldiers led by their giant captain, P. J. Visser, looked formidable indeed.

The performance began at sharp 2 o'clock and it was a case of "big bang" from start to finish. They have got about the funniest lot of clowns that ever came to town, headed by that prince of entertainers, Mr. Harry Green who on the legitimate stage has proved himself the equal of Danman Thompson and James A. Hearn. Among the other fun makers are Sidney Shepard the well known "Jew" in "Spotless Town," who can make good without his goats if necessary. The Two Roses, well known farce comedy entertainers are among the number doing their clever boxing act. Henry Stantz does a comedy wire act that commands attention and other well known comedians who have been induced to stray from the vaudeville stage by the persuasion of a larger salary.

The bright and particular feature of the show, however, is the mammoth importation, Savage South Africa which is a thing altogether new. It is not a "wild west" show as many have been led to believe, but a regular connected border drama in which are enacted the scenes incident to the struggle for independence between Boer and Briton.

There will be another performance tonight.

The consumption of mineral waters in the United States has been increased enormously until it now aggregates \$18,000,000 worth per annum.

The production of wheat per acre in Canada is double that in the United States.

## THE RAILWAYS

### COMPANIONS DEFY ORDER OF COMMISSION

### B. & O. Kills Man at Mt. Vernon—A Quilt Awarded—B. & O. Engineer. Local and General News

New York, April 23—Hearing on the complaints of William H. Hearst against the Pennsylvania and other railroads was continued before the interstate commerce commission.

Mr. Shearn, counsel for the complainant, called for all the contracts entered into between the Lehigh Valley road and the Lehigh Valley Coal company, explaining that he expects to prove by them the difference between the actual price of carriage charged by that company and the published schedule price charged to the independent companies. He said the contracts will show that the Lehigh Valley Coal company is to receive for all its coal 65 per cent of the price realized by the cost at tidewater.

Judge Campbell of the Reading and Mr. Kerr of the Ontario and Western protested that no such conditions obtained on their roads.

Mr. Shearn said the contracts would show the creation of a monopoly that the coal companies have no power over the output of their mines because they can only get rid of the quantity the railroads are willing to take from them and the railroads will not handle the coal in sufficient quantities to reduce the price to the consumer.

The commission decided that the Lehigh Valley railroad should produce the contracts demanded. Counsel refused.

W. W. Ross, representing the Delaware, Lackawanna and Western, also refused a similar demand.

Counsel for the other railroads declined to produce their contracts. The commission certified the point raised to the United States circuit court where a decision will be rendered.

### UNKNOWN MAN KILLED

B. & O. passenger train 16 struck and killed an unknown man at the Mill Creek bridge Mt. Vernon, Wednesday evening.

### DREW THE COIT

At the B. & O. auxiliary social last evening, John C. Brown drew the silk quilt, holding No. 213. There were five tables of pedro.

### STEEL RAILS ARRIVE

Zanesville, Ohio, April 23—Seventeen cars of steel rails arrived here yesterday to be used by the local street railway company in building five miles of track extension this summer and for the standard gauging of the system. The tracks are to be standard gauged by June 1 on the Main street line, in order to allow entrance of the Buckeye Lake cars, which are to come over the Columbus and Buckeye Lake extension, being built from Newark here.

### More Engines for B. & O.

Baltimore, Md., April 23—It was officially announced by President Loree yesterday that the B. & O. railroad management had authorized the ordering of 100 or 150 new locomotives to accommodate the increased transportation demands.

### Local Railway Notes

Conductor M. B. Rouse is off on account of a death in his family.

There were great doing at the home of Mr. Louis Amstetter on Baltimore street, last night, in honor of the arrival of a little son at this home. A number of his friends had been invited and the event was celebrated in a proper manner.

W. R. Collins, formerly the purchasing agent of the B. & O., has been appointed purchasing agent of the Erie.

Fifteen of the employees in the half round house are laying off today to attend the circus.

Brakeman Wildman of the C. O. division, is unable to work on account of sickness.

Conductor Milbaugh of the O. L. K. division, has returned to work after having been off for a short time.

Brakeman Minnion of the L. E. division is on leave of absence.

J. Romaine of Philadelphia, is in the city taking the measurements for suits to uniform the passenger conductors, brakemen and baggage men on the E.

D. & O. Fireman J. J. Davis has resigned his position to accept a position

as electrician with the Ellsworth Coal Company, in Guernsey county.

Matt Diehl, a popular B. & O. hostler is laying off with a severe cold.

Pan Handle Supervisor Frank Haas of Denison is in the city today.

A number of prominent Pan Handle officials passed through the city on No. 7 today, en route west.

Brakeman T. W. Stokely after having been off for a few trips has been marked up for service.

Brakeman J. C. Edwards of the C. O. division is unable to work on account of sickness.

Brakeman A. L. Reel of the C. O. division is on the sick list.

Brakeman C. J. Garber of the L. E. division is off duty on leave of absence.

Yard Engineer Martin Connors has a new engine of which he is very proud. It is the oil 1927, one of the biggest engines ever used in the yards.

Firemen Metcalf, Reed, Jacobs, Parsons, Turner, Scott, Hunter Montgomery, Reitor, Hammond, Coen, C. Watson, R. Wilson and Middleton are all off on a short leave of absence.

Firemen Garber, Wright, Sevid and Wolf are on the injured list.

Firemen Murrell, Fulton, Rex, McConnell, Dunn, Elliott, Moore, Perkins, Schloss and Carpenter are still unable to work on account of sickness.

Brakeman R. H. Fulton, after having been off for some time, has been marked up for service on the C. O. division.

## IN PARADE

Was Mrs. Davis, Formerly Beatrice Bush, of This City—Recognized by Friends.

One of the women riders in corduroy suits in the circus parade this morning was recognized as Mrs. Davis, who was formerly Miss Beatrice Bush of this city. Many people along the line spoke to her and she gracefully acknowledged the salutations, often calling the names of her friends and acquaintances in the crowd.

## DON'T OVERLOOK THIS.

A Careful Perusal Will Prove Its Value to Every Newark Reader.

The average man is a doubter, and there is little wonder that this is so. Misrepresentations make people skeptics. Now-a-days the public ask for better evidence than the testimony of strangers. Here is proof which should convince every Newark reader:

Mr. C. W. Manville, 257 West Main street, says: "The influenza left my kidneys in bad condition. They did not secrete properly. At the same time I suffered terribly with pains in my back over my kidneys. I just about gave up trying anything in the hope of getting better, when the natural desire to test a well recommended medicine, I started using Doan's Kidney Pills, sold at Crayton's drug store. The results were decided and lasting."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other. 107

## Bulgarian Wedding Customs.

A curious wedding custom which exists in Bulgaria is the shaving of the bridegroom on the wedding day. While the barber is engaged upon his face a dancing crowd of boys and girls surround the bridegroom. When his hair has been cut, the pieces are carefully collected by some of the girls, to be preserved in one of the bride's chests.

After the barber has finished his work he receives a small white linen cloth as a present, and each person gives him a trifling sum of money. Then the bridegroom kisses the hand of each girl, washes his face and dons his wedding dress, which must be first accurately weighed three times by a lad. These strange customs are said to date back to pre-Christian days, but they are still strictly observed, especially in country districts.

## Forty Bibles a Minute.

Miss Mary Mossholder is the guest of Mr. Sam Weekly of Newark this week.

Irwin Warthen was in Columbus on business this week.

Mrs. Seitz was the guest of friends of Utica this week.

The play and farce given by the Wilkin Dramatic troupe at Bell's Hall last Saturday evening was well attended and highly enjoyed, but the confusion made by a few ill-behaved and thoughtless boys of Utica and a few near here made it disagreeable to those in the

rear of the hall. We learn that the same troupe will give an entertainment at Chatham hall Saturday evening, May 2.

This unexpected cold spell has made coal scarce and the enterprising freight agent has ordered a carload of coal which is looked for hopefully.

Commencement is on Friday evening, May 8, at Bell's Hall. Music will be furnished by the O. S. U. male quartet, and the class address will be given by Prof. F. B. Pierson of Columbus, principal of the East High school. Baccalaureate sermon will be delivered by Rev. J. C. Schindel of Newark at the M. E. church on Sunday evening, May 10. ### Anticipating Him.

The Judge—You admit, then, that you fell upon the complainant and beat him severely and drove him away from the vicinity of the river?

The Defendant—I admit it all, your honor, but there were mitigating circumstances.

The Judge—What were they?

The Defendant—The man is one of those fellows who think it fun to rock a pleasure boat.

The Judge—Well, why didn't you wait until he actually committed the alleged offense?

"That would have been too late, your honor."

"Discharged."—Cleveland Plain Dealer.

### The Green Eyed Monster.

Wife (with a determined air)—I want to see that letter.

Husband—What letter?

"That one you just opened. I know by the handwriting that it is from a woman, and you turned pale when you read it. I will see it! Give it to me, sir!"

"Here it is. It's your milliner's bill."

—New York Weekly.

### Koritch's House Furnishings.

"Well," said Natch, who had been showing Kandor through his new house, "what do you think of the furnishings?"

"They—er—show a great deal of taste," replied Kandor.

"Think so?"

"Yes, but it's all very bad."—Philadelphia Press.

### Reprieve.

Miss Reesday (patronizingly)—Rather embarrassing for you, I should think, always to be blushing when you shouldn't.

Miss Daymore—And comally embarrassing for you, I should think, never to be blushing when you should.

It has just leaked out that Mr. Jason A. Starr and Miss Frances Roney, two well known and highly respected young people of this city were quietly married on Tuesday evening, March 31. The ceremony took place at St. Paul's Lutheran parsonage on Hudson avenue and was performed by the Rev. J. C. Schindel.

The groom is a well known plumber employed by W. J. Henderson, and is a most excellent young man.

The bride is a daughter of Mr. and Mrs. William Roney, and is a young lady possessed of many excellent qualities. The announcement of the marriage will be a surprise to the many friends of the happy couple, as it has been kept a secret ever since it took place.

### WIRES FELL

Delaying Traffic on the Newark & Granville—One Horse Knocked Down—Nobody Hurt

As the Newark and Granville traction car was leaving the postoffice corner Wednesday evening at seven o'clock on its trip to Granville, the entire strip of trolley wire on the South side of the Square broke and fell to the ground, completely blocking traffic.

Several persons narrowly escaped being shocked, one unknown man driving across the wire as it was lying on the ground. The horse was knocked down but escaped death by the presence of mind of several policemen who were standing near. The wreck car from the West End powerhouse was called and repaired the damage.

### GREAT CRAB FEAST.

More Than 150,000 Will Be Prepared For an Elks' Convention.

Plans are now complete for the great crab feast that will be one of the unique features of the entertainment of the 15,000 to 20,000 Elks at the national convention of their order in Baltimore the coming summer, says the New York Times. The feast will be held at Love point, on the Chesapeake bay, July 23. The Chesapeake crab will be served steamed, deviled, steamed, fried, in sandwiches, in soup and in salad. More than 150,000 crabs will be prepared.

The scene is to be picturesque in the extreme. The committee will engage 200 negro "mamies" with bandannas and aprons, to prepare the crabs, and they will be strung along the shore with tripods for the preparation of soup and other forms of cooked crab. Each "mammy" will be assisted by two little black pickaninnies, and the scene will be typical of the sunny south. The committee has ordered 100 tripods of a capacity of twenty gallons each for the preparation of soup, and this shows on what a gigantic scale the affair is being planned. A prize will be given to the cook making the best soup.

In the kitchen of the new Casino at the Point will be women preparing crab salad and cooking the crabs in other ways.
